CARRIE BERK

The things I like best at St. Paul's is the raffle tickets. I like them because you can win prizes and cookies and win money for the school. Also when I sell them it's sometimes fun and sometimes not. The reason I hate selling them is when you can't sell one. Also when they pick out of the bowl, that is fun because you can win the grand prize.

Carrie Berk

My favorite place in the school is the library because you can check out lots different books like Judy Blume's books and Beverly Cleary books. There are many other fun books. You can check out books for any kind of report and the library has encyclopedias and National Geographics and books on other countries, states, and people. And Mrs. Schultz for helping us find good books.

KEVIN BOGAR

My favorite experience was when Jennifer, Layla and I sang in the Talent Show. It was a great experience because I have never been in a Talent Show.

HAJI DOVE

My favoite things this year were P.E., recess, art, math, and map skills. I predict Scott will be the lead singer in the "Go-Go's".

My favorite place in the school is the auditorium. It's a big place to play or run in. You can do almost anything in the auditorium. It was where the Talent Show was.

LAYLA DUNLAP

My favorite places in St. Paul's School are the music room and the office. The reason I like the music room is because of the music that comes out of it. It has been fun singing in the music room all year. I also like the office a lot because I get to work in it. I hope that next year I will get to do the same.

JENNIFER JAMES

My favorite place in the School is any-place that I can be alone. I am a lot nicer if there isn't a lot of noise around me. I go behind the portable chalkboard in the sixth grade classroom because I calm down when I am not around a lot of people. My favorite day is June 11, my favorite color is dark green, and my favorite subject is War.

LACHLANN MC CRACKEN

My favorite class is Library. That's because we get to listen to stories and just read instead of doing work. My other favorite class is First-Aid. BRENDAN MURRAY

PERRIN PHILLIPS

MATT SCHOCH

One thing I especially enjoyed was giving Mr. P (as we call him) all the parties, well, one party. It was so much fun because all the preparation paid off. The whole class was counting on not doing the tests but alas, Mr. Pembrook broke the party and said we have to do pages 167, 168, 170, 290, and 425. Wow!! So much for the party. My favorite day in the whole studious, hardworking year is June 10. Boy, I can't wait. I wonder who will get the award for Scholarship or for School Spirit.

SCOTT TURNER

My favorite people this year were my two teachers. Their names are Mr. Pembrook and Mrs. Collentine. They were nice but strict.

HEATHER WENDFELDT

I liked English with Mrs. Collentine a lot. Mr. Pembrook is a tough but nice teacher. I liked special classes. They're neat. Dancing in the Talent Show was fun. The best thing this year was Lunch! I like all the people in my class. But there were some exceptions. I won't mention any names. I'm going to miss this School (a little).

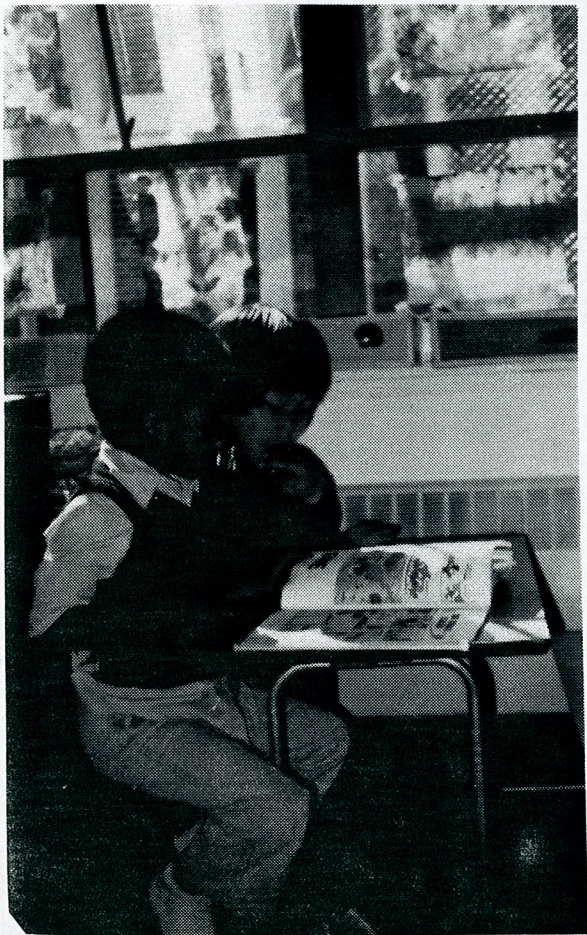

I think that my favorite experience this year was the "Talent Show". I really enjoyed the singing of "Fame", and the dance I was in with Mrs. Bruzzone.
